

GU10 9W BK

Lamps

RAYTECK®

LED LAMP

CRI 90+ | 220–240V | SMD | SELV

An energy-efficient retrofit LED lamp for standard GU10 and MR16 fittings, delivering a direct halogen replacement with warm, high-quality light with exceptional colour accuracy.

KEY FEATURES

GU10 lamp

The GU10 lamp delivers 90+ colour rendering for accurate, true-to-tone light, with a 60° beam for balanced general coverage. Dimmable via On/Off / Phase-cut.

TECHNICAL SPECIFICATIONS

Lamp Base	GU10
Power	9W
CCT	2700K / 3000K / 4000K / 6500K
CRI	90+
Beam Angle	60°
Luminous Flux	810 LM
Input Voltage	220–240V AC
Lamp Life	15,000 h
Energy Class	A ⁺
Dimming	On/Off / Phase-cut
Operating Temperature	45° C
Warranty	3 years

APPLICATIONS

- ⦿ Retrofit
- 🏠 Residential
- 🛒 Retail
- 🏨 Hospitality

AVAILABLE VERSIONS

Code	Power	Luminous flux	Size
BLB-RY-GU10-9W	9W	810 LM	Ø50 × H56 mm

Photometric reference: Photometric data measured at 3000K / CRI 80, Ta 25°C, nominal mains. Luminous flux tolerance ±10%. Lumen output and efficacy vary with correlated colour temperature (CCT) — warmer tones (2700–3000K) are typically lower and cooler tones (5000–6500K) higher — and reduce as CRI increases (90+ CRI is ~10–15% below 80 CRI). Full IES / LDT photometric files, LM-79 / LM-80 test reports and DIALux data are available on request.
